

Participant Activity Report

Presented By

Tee Ramos, Office of Participant Services

June 28, 2022

Thrift Savings Fund Statistics Highlights

- The Uniformed Services participation data for May was unavailable due to transition activity cut-off dates.
- Loan and withdrawal transaction volumes were lower in May due to the blackout period of the Converge transition.
- The blackout and transition to our new recordkeeper influenced our numbers for this month with reduced withdrawals and unavailability of certain participant data. We will resume normal reporting next month.
